

## My Hobbies

I love summer. I prefer heat to cold. In summer it is a beautiful world. I like going out with my friends to the lake. I really like sports. My favourite hobby in summer is beach volleyball. I like having fun with my friends playing volleyball. We are always ready to start playing. When we end the game we always go for a cola. I cannot stand winter. In winter we have to sit at home. I like walks on the beach when it's warm. I do not like when it is an end of summer and winter begins.
