MY HOBBY

I am interested in music. I prefer rock, metal and Oi! Music. I can't stand rap, because it's vulgar and I do not like gangster style. I like hard music and harsh-looking singers. My favourite singer is Daniel Landa. I love Landa, because he is a hard rocker, but can be nice, attentive and he has interesting opinions on some things. My favourite bands are Ortel, Rammstein and Bon Jovi. I'm sorry I can't play any musical instrument or sing, so I can't form my own band.
