**ADAM FILO**

# SEPARATION AND RECYCLING

- ✗ The two ways how to reduce the amount of waste are:
  - ✗ 1. reduction of human consumption
  - ✗ 2. waste recycling
- ✗ The condition of successful recycling is waste separation

# ILLEGAL DUMP SITES IN SLOVAKIA

Organizations and citizen associations try to help

Serious problem

**IN WHICH OF THESE  
WORLDS DO YOU WANT TO  
LIVE?**

**Do you want to live  
here?**

**Or here...**

# WHAT CAN WE IMPROVE?

---

- ✗ dump sites are not safe → a threat to the surrounding countryside and people living in that area
- ✗ the decomposition of waste is slow
- ✗ do not let the dump sites to threaten our environment and lives → separate !!!
